

THIS PASSIONATE FASHION DESIGNER HAS, THROUGH HER DEDICATION AND WORK, INSPIRED A NEW GENERATION OF TALENTED LOCAL DESIGNERS TO EXPAND THEIR DREAMS TO INTRODUCE MACAU'S FASHION TO THE WORLD.

## STELLA TANG *Style Macau*

“I love fashion designing since I was 11 years old. I strongly believe that the key of success in fashion is to have great perseverance and focus for the best,” shared Stella Tang, President of the Macau Local Fashion Designers’ Society exclusively to **HighEnd**. Her own fashion line, “Revival”, was one of the highlights of the 2013 Macau Fashion Festival themed “City of Dreams”.

For 10 years, Stella established her own studio “Stella Fashion Workshop” with hopes that Macau’s talented designers can introduce the region’s fashion to the world. “My biggest motivation is to raise the standards of fashion in Macau. We are uniquely strong in the mixture of Western and Eastern culture and our government is highly supportive,”

told the Bronze Medal winner of Jeans West Fashion Competition 2003 in Beijing.

She focuses on daily street-wears that are stylish and comfortable. “I chose the natural fabrics and the finest quality wood fiber to enhance the lightness of the fabric. I want people not only to stay warm but also be fashionable during winter, and at the same time being easy maintenance.” In between her fashion designing days, Stella attends the Macau Productivity and Technology Transfer Center as a guest lecturer to nurture young fashion designers. ■
